Education

| | |
|--|--------------------------------|
| Sardar Patel Institute of Technology B.Tech. in Computer Science and Engineering | Sept 2023 – May 2026 8.5/10 |
| Government Polytechnic Mumbai, Diploma in Information Technology | Aug 2020 – June 2023 94.33% |

Experience

| | |
|--|----------------------|
| The Fast Way – Web Developer | Jan 2023 – June 2023 |
| <ul style="list-style-type: none">Executed a modular design approach that reduced deployment time by 15% and improved code reusability, resulting in faster time-to-market for new features.Applied a user-friendly interface that increased user engagement by 20%, leading to an 10% increase in time spent per user.Coordinated cross-functional teams to execute projects on schedule and within allocated resources, achieving a consistent 15% improvement in goal attainment while streamlining timelines by an impressive 20%. | |

Projects

| | |
|---|-------------|
| EazzyFundzz , Mar 2024 - Apr 2024 | Github Repo |
| <ul style="list-style-type: none">Created a user-friendly crowdfunding platform using the MERN stack, enabling individuals and organizations to easily launch and manage fundraising campaigns.Engineered a user-friendly crowdfunding platform capable of simultaneously managing 100 fundraising campaigns during initial deployment, showcasing robust performance under high traffic and multi-user collaboration scenarios. | |
| Tech Stack: Reactjs, ExpressJs, MongoDB, BcryptJS, JWT Authentication | |
| TrendWiz , Oct 2024 - Oct 2024 | Github Repo |
| <ul style="list-style-type: none">Built an innovative solution that aggregates real-time market data and offers actionable insights into presented document types, leading about 120 active users per day toward informed purchasing decisions in competitive environments.Key features include an interactive interface that provides dynamic insights, customer segmentation, and sales forecasting tailored to seasonal and regional preferences. | |
| Tech Stack: Reactjs, GPT-2 Model, Ngrok, Gemini integration | |

Technical Skills

Languages: Python, JavaScript, C, C++, SQL, HTML, CSS

Libraries/Frameworks: ReactJS, ExpressJS, NodeJS, Firebase, MySQL, MongoDB, Flask, NumPy, Pandas, Seaborn, Matplotlib

Development Practices: Agile Methodology, Modular Design, Version Control

Tools: Git/GitHub, Postman, Vercel

Position of Responsibility

| | |
|---|--------------------|
| Students Developers Club – Tech Head | Aug 2024 – Present |
| <ul style="list-style-type: none">Organized and led 5+ technical events annually, fostering engagement and knowledge-sharing among members.Supervised and guided 3+ team projects, ensuring timely completion and quality standards. | |
